NEOTECH®

Making a Difference

New Product Development

Do you have an idea for a new product? Neotech can help make it a reality!
Do you have a problem in your unit, but no idea what the product solution is?
We can help with that too!

We have a great history of successfully licensing new product ideas and bringing them to market. We can help you every step of the way. We're easy to work with and we move forward quickly at no cost to you. Visit neotechproducts.com/newproduct to learn more or call us to receive a new product submission form.

About NeoBond® Hydrocolloid

Important, Please Read!

Skin friendly NeoBond Hydrocolloid is a protective adhesive that helps decrease the risk of damage to the fragile epidermis of the neonate. *AWHONN Neonatal Skin Care (Third Edition, 2013)* recommends that hydrocolloids be used in place of other adhesives whenever possible.

Heat is the catalyst for hydrocolloid. The following steps are necessary to ensure the effectiveness of hydrocolloid based products.

PREPARATION

Clean and dry skin per hospital protocol.

Note: It is important for skin to be as clean and dry as possible. Products will not adhere properly to moist skin or hair. Oils and lotions will also adversely affect adhesion.

DO NOT USE ALCOHOL.

APPLICATION

Before removing liners, warm hydrocolloid in hands for 60 seconds. May also be held under radiant or heel warmer for 10 to 15 seconds.

Remove liners, apply hydrocolloid base to skin and hold in place for 60 seconds to ensure proper adhesion.

REMOVAL

Replace product every 5 days or per hospital protocol, whichever is sooner.

Saturate hydrocolloid with water or saline.

Slowly peel away from skin as you swab with water or saline.

NeoHug®

Utility Device Holder

Clinician Invented

Home Health

N680BL-S

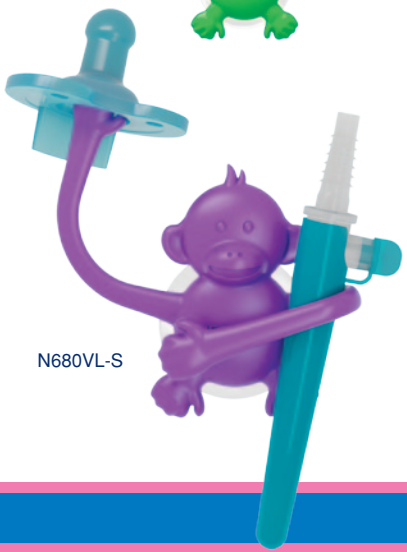

N680BO-S

N680BP-S

N680GR-S

N680VL-S

FEATURES AND BENEFITS

- Easy to use and attaches to most smooth surfaces
- Large suction cup for strong hold and easy removal
- Holds under heat and humidity
- Reposition repeatedly with no adhesive residue
- Bendable arms to hold a variety of light weight items
- Ideal for holding pacifier, suction tip, tape and more
- Playful chimp design available in five bright colors
- Not made with natural rubber latex or plasticizer DEHP
- Individually packaged

Cat No.	*Color*	*Qty/Unit*
N680BL-S	Blue	25/box

NeoHeart™

ECG Pad

Clinician Invented

N335

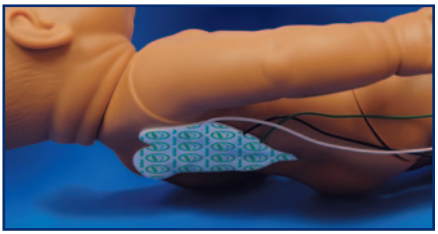

N336

FEATURES AND BENEFITS

- 3-in-1 pre-wired electrode array
- Pre-measured sensor position
- Radiolucent material nearly invisible on x-rays
- One touch application ideal for use in delivery room
- Larger surface area for enhanced adherence
- Engineered for back application, allowing chest to remain exposed
- Multi-colored wires for easier identification
- Not made with natural rubber latex or plasticizer DEHP
- Individually packaged

Cat No.	*Size*	*Qty/Unit*
N335	Small	20 sets/box
N336	Large	20 sets/box

NeoLead®

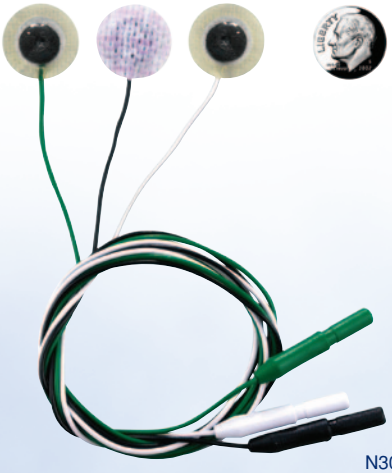

ECG Electrodes

Clinician Invented

Home Health

N301

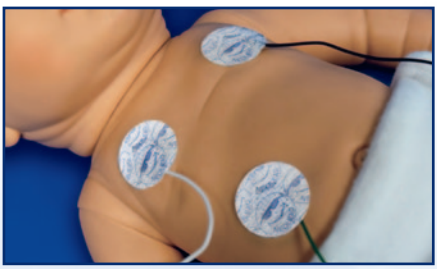

N300

FEATURES AND BENEFITS

- Pre-wired electrodes
- Hydrogel center
- NeoBond® Hydrocolloid border designed to:
  - prevent hydrogel from oozing or drying prematurely
  - provide sensor stability for better tracings
  - minimize slipping
- Multi-colored wires for easier identification
- Not made with natural rubber latex or plasticizer DEHP
- Sets of three individually packaged

Cat No.	*Item*	*Size*	*Qty/Unit*
N300	Mini	3/4" circle	20 sets/box
N301	Standard	1" Circle	20 sets/box

Made in USA

U.S. Patent #6,795,722

Radiolucent NeoLead®

ECG Electrodes

Clinician Invented

N305

N306

Made in USA

U.S. Patent #6,795,722; #8,798,709

FEATURES AND BENEFITS

- Pre-wired electrodes are nearly invisible on x-rays
- Hydrogel center
- NeoBond® Hydrocolloid border designed to:
  - prevent hydrogel from oozing or drying prematurely
  - provide sensor stability for better tracings
  - minimize slipping
- Multi-colored wires for easier identification
- N305 set of three leads
- N315 set of five leads for two channel, continuous monitoring
- Not made with natural rubber latex or plasticizer DEHP
- Sets of leads individually packaged

Micro NeoLead®

- Pre-wired electrodes are nearly invisible on x-rays
- Hydrogel center
- NeoBond® Hydrocolloid ends designed to:
  - provide sensor stability for better tracings
  - minimize slipping
  - reduce need for band or strap
- Multi-colored wires for easier identification
- Not made with natural rubber latex or plasticizer DEHP
- Sets of three individually packaged

Cat No.	Item	Size	Qty/Unit
N305	Radiolucent	1" Circle	20 sets/box
N306	Micro	1" x 3/8"	20 sets/box
N315	Pediatric	1" Circle	20 sets/box

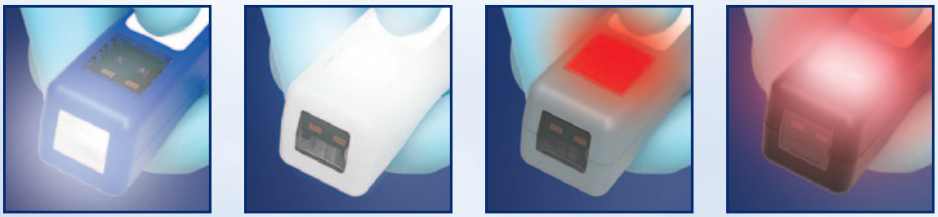

NeoGlo®

Transilluminator

Clinician Invented

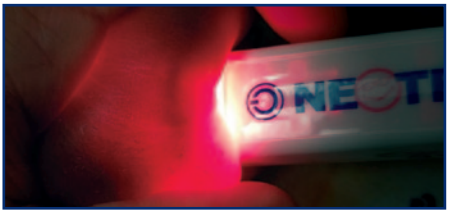

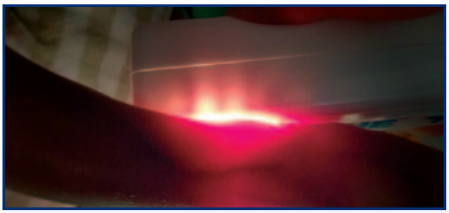

1-800-966-0500 • neotechproducts.com

NeoGlo Sleeve Also Available

FEATURES AND BENEFITS

- LED lights cool to the touch for patient safety
- Multiple light settings for user preference
- Ergonomic design for clinician comfort
- Compact size for use in incubator
- Illuminates veins, arteries and other internal structures
- Engineered to shut off before lights become ineffective
- Requires single AA alkaline battery (included)
- Eight colors to choose from
- Lanyard hoop
- Affordably priced
- Not made with natural rubber latex or plasticizer DEHP

NeoGlo Sleeve

- Protective cover helps to keep NeoGlo clean and protect against bodily fluids
- Durable and disposable
- Self-sealing flap
- Not made with natural rubber latex or plasticizer DEHP

Clinical Training

Neotech employs an experienced team of licensed Clinical Consultants who work with hospitals providing educational support and in-service training.

Our highly specialized team is located throughout the United States. Their expertise in the neonatal, pediatric and respiratory fields is exercised to educate you on the safe and proper use of our products.

Clinical Consultants can provide onsite in-service training for your staff including night and weekend shifts. Our Clinical Consultants are also available to assist our distributor reps.

To schedule your on-site training, call **1-800-966-0500** or visit **neotechproducts.com/clinical-training.**

Neotech Research

Neotech Products offers two unique opportunities to support clinicians, like you, who are conducting neonatal and pediatric clinical research.

The **Professional Development Grant Program** awards monetary assistance to clinicians so that they can present their project results as podium or poster sessions at local, national, and international meetings.

Apply for the **Neotech Research Support Grant** to receive monetary and/or product support for unit-based clinical evaluations, quality improvement projects using any Neotech product; as well as IRB-approved research projects of any size.

Visit neotechresearch.com to learn more and apply.
